

Romania to Showcase Technology Innovation at Web Summit Lisbon 2024 with National Pavilion

The Romanian delegation is excited to announce its participation in the prestigious Web Summit Lisbon 2024, taking place from November 11-14, in Lisbon, Portugal. Continuing the tradition from last year, Romania will be represented with a dedicated National Pavilion, highlighting the country's commitment to innovation and technological advancement.

The delegation organized by ARIES-TM will include 13 most promising startups and established companies, showcasing their cutting-edge solutions in various sectors. This initiative aims to foster collaboration, attract investment, and elevate Romania's profile on the global tech stage.

This year, Romania is set to create considerable buzz, reinforcing its status as a growing hub for technology and innovation in Europe.

"We are proud to have once again a National Pavilion at Web Summit, which provides a unique opportunity for Romanian companies to connect with international investors, industry leaders, and potential partners," remarked Daniel Giurea, president of ARIES-TM. "This event is crucial for showcasing our capabilities and the vibrant tech ecosystem in Romania."

Romania is recognized as a vibrant tech hub in Europe, with a rapidly growing startup ecosystem and a significant focus on research and development. The country is populated with innovative companies and talent, contributing to its reputation as a center for technological excellence.

About ARIES-TM:

ARIES, the Romanian Association for the Electronics and Software Industry, is Romania's leading and most impactful non-governmental organization for the IT&C sector. Our main goal is to support the interests of our member companies and build connections among key stakeholders in the local ecosystem, promoting growth, visibility, and international reach. Since 2007, ARIES has coordinated Romania's national pavilion at top technology events, with governmental funding, to boost exports of Romanian products in global markets.
